

EXL Achieves Three Leader Placements in ISG Provider Lens™ Quadrant Report for Insurance BPO Services 2020

May 18, 2021

NEW YORK, May 18, 2021 (GLOBE NEWSWIRE) -- EXL (NASDAQ: EXLS), a leading Operations Management and Analytics company, today announced it had achieved three Leader placements in the "2020 ISG Provider Lens™ Insurance BPO Services Report for the U.S." in the categories of Life & Retirement Services, Property & Casualty Insurance Services, and Third-Party Administration (TPA). The report cited EXL's "strong, decades-long history in the insurance industry," "robust digital transformation capabilities," and "cutting-edge digital solutions."

"EXL brings depth and breadth of experience, delivering products and processes to meet the goals and objectives of its carrier customers," stated Dennis Winkler, Senior Director, Americas, ISG Provider Lens Research. "Leveraging proprietary AI-powered solutions, EXL helps clients provide a differentiated experience while reducing costs."

"We are excited to be recognized as a Leader in three categories of the ISG Provider Lens™ for Insurance BPO Services in the Life & Retirement and Property & Casualty insurance markets," said Vikas Bhalla, Executive Vice President and Head of Insurance, EXL. "This positioning validates our ability to serve as an indispensable partner for data-led insurers, as well as our innovative solutions to enable more intelligent operations through digital, artificial intelligence and analytics."

For the report, ISG classified vendors as Leaders, Product Challengers, Market Challengers, Contenders, or Rising Stars based on their product and service offerings, as well as their position in the market. The ISG Provider Lens™ Quadrant Report is based on data collected through the ISG Research™ program, interviews with ISG advisors, service provider briefings, and analyzing publicly available market information.

The ISG report noted the following strengths for EXL:

- Deep domain expertise and trusted track record
- Strong digital transformation capabilities and data analytics expertise
- Proprietary IP and solution suites bolstered by a strong partner network
- Strong US market presence and onshore footprint
- A digital TPA ecosystem that orchestrates technology platforms, conversational AI, and operations management
