

EXL Reports 2022 First Quarter Results

April 28, 2022

2022 First Quarter Revenues of \$329.2 Million, up 25.9% year-over-year

Q1 Diluted Earnings Per Share (GAAP) of \$1.07, up from \$0.93 in Q1 of 2021

Q1 Adjusted Diluted Earnings Per Share (Non-GAAP) (1) of \$1.42, up from \$1.18 in Q1 of 2021

NEW YORK, April 28, 2022 (GLOBE NEWSWIRE) -- ExlService Holdings, Inc. (NASDAQ: EXLS), a leading data analytics and digital operations and solutions company, today announced its financial results for the quarter ended March 31, 2022.

Rohit Kapoor, Vice Chairman and Chief Executive Officer, said, "EXL had a strong first quarter with revenue of \$329.2 million, a 25.9% increase from the first quarter of 2021. Analytics continued to lead our growth with a 45.7% revenue increase from the first quarter of 2021. Adjusted diluted earnings per share for the quarter was \$1.42, a 20.3% increase year-over-year. This strong performance affirms our strategy of focusing on high value data-led solutions, enabling our clients to improve business outcomes. Our acquisition of Clairvoyant, a global data, AI, ML and cloud services firm, enhances our expertise in data engineering and cloud enablement and is integrating well with our business. We have strong momentum as we head further into 2022, positioning us well for continued growth."

Maurizio Nicolelli, Chief Financial Officer, said, "Based on our strong first quarter financial results, and the visibility we have for the remainder of the year, we are increasing our revenue guidance for 2022 to be in the range of \$1.315 billion to \$1.335 billion, from \$1.28 billion to \$1.31 billion. This represents a 17% to 19% increase year-over-year on a reported basis and 14% to 16% increase year-over-year on an organic constant currency basis. We are also increasing our adjusted diluted earnings per share guidance for 2022 to \$5.40 to \$5.65, from \$5.35 to \$5.60, representing a 12% to 17% increase over the prior year. Our balance sheet remains strong with cash and short-term investments of \$269.2 million."

 Reconciliations of adjusted (non-GAAP) financial measures to the most directly comparable GAAP measures, where applicable, are included at the end of this release under "Reconciliation of Adjusted Financial Measures to GAAP Measures". These non-GAAP measures, including adjusted diluted EPS and constant currency measures, are not measures of financial performance prepared in accordance with GAAP.

Financial Highlights: First Quarter 2022

• Revenues for the quarter ended March 31, 2022 increased to \$329.2 million compared to \$261.4 million for the first quarter of 2021, an increase of 25.9% on a reported basis and 26.5% on a constant currency basis from the first quarter of 2021. Revenues increased by 11.4% sequentially on a reported basis and 11.5% on a constant currency basis from the fourth quarter of 2021.

- Positioned in the Winners Circle in the HFS Top 10 for Insurance Services.
- Recognized as a Leader in all categories in the 2021 ISG Provider Lens™ Insurance BPO Services report for the U.S. and Australia.

Subsequent Event:

• Entered into an Amended and Restated Credit Agreement on April 18, 2022, increasing the aggregate amount of revolving credit commitment available to the Company to \$400 million, with a new maturity date of April 18, 2027.

2022 Guidance

Based on current visibility, and a U.S. Dollar to Indian Rupee exchange rate of 76.5, British Pound to U.S. Dollar exchange rate of 1.33, U.S. Dollar to the Philippine Peso exchange rate of 52.0 and all other currencies at current exchange rates, we are providing the following guidance for the full year 2022:

- Revenue of \$1.315 billion to \$1.335 billion, representing an increase of 17% to 19% on a reported basis, and 14% to 16% on an organic constant currency basis from 2021.
- Adjusted diluted earnings per share of \$5.40 to \$5.65, representing an increase of 12% to 17% from 2021.

Conference Call

ExlService Holdings, Inc. will host a conference call on Thursday, April 28, 2022 at 10:00 A.M. ET to discuss the Company's quarterly operating and financial results. The conference call will be available live via the internet by accessing the investor relations section of EXL's website at ir.exlservice.com, where an accompanying investor-friendly spreadsheet of historical operating and financial data can also be accessed. Please access the website at least fifteen minutes prior to the call to register, download and install any necessary audio software.

To listen to the conference call via phone, please dial 1-877-303-6384, or if dialing internationally, 1-224-357-2191 and an operator will assist you. For those who cannot access the live broadcast, a replay will be available on the EXL website <u>ir.ex/service.com</u> for a period of twelve months.

About ExIService Holdings, Inc.

EXL (NASDAQ: EXLS) is a leading data analytics and digital operations and solutions company that partners with clients to improve business outcomes and unlock growth. By bringing together deep domain expertise with robust data, powerful analytics, cloud, artificial intelligence ("Al") and machine learning ("ML"), we create agile, scalable solutions and execute complex operations for the world's leading corporations in industries including insurance, healthcare, banking and financial services, media, and retail, among others. Focused on driving faster decision-making and transforming operating models, EXL was founded on the core values of innovation, collaboration, excellence, integrity and respect. Headquartered in New York, our team is over 39,000 strong, with more than 50 offices spanning six continents. For more information, visit www.exlservice.com.

Cautionary Statement Regarding Forward-Looking Statements This press release contains forward-looking statements. You should not place undue reliance on those statements because they are subject to numerous uncertainties and factors relating to EXL's operations and business environment, all of which are difficult to predict and many of which are beyond EXL's control. Forward-looking statements include information concerning EXL's possible or assumed future results of operations, including descriptions of its business strategy. These statements may include words such as "may," "will," "should," "believe," "expect," "anticipate," "intend," "plan," "estimate" or similar expressions. These statements are based on assumptions that we have made in light of management's experience in the industry as well as its perceptions of historical trends, current conditions, expected future developments and other factors it believes are appropriate under the circumstances. You should understand that these statements are not guarantees of performance or results. They involve known and unknown risks, uncertainties and assumptions. Although EXL believes that these forward-looking statements are based on reasonable assumptions, you should be aware that many factors could affect EXL's actual financial results or results of operations and could cause actual results to differ materially from those in the forward-looking statements. These factors, which include our ability to successfully close and integrate strategic acquisitions, our ability to respond to and manage public health crises, including the outbreak and continued effects of COVID-19 pandemic, are discussed in more detail in EXL's filings with the Securities and Exchange Commission, including EXL's Quarterly Report on Form 10-Q and Annual Report on Form 10-K. These risks could cause actual results to differ materially from those implied by forward-looking statements in this release. You should keep in mind that any forward-looking statement made herein, or elsewhere, speaks only as of the date on which it is made. New risks and uncertainties come up from time to time, and it is impossible to predict these events or how they may affect EXL. EXL has no obligation to update any forward-looking statements after the date hereof, except as required by federal securities laws.

EXLSERVICE HOLDINGS, INC.

Reconciliation of Adjusted Financial Measures to GAAP Measures

In addition to its reported operating results in accordance with U.S. generally accepted accounting principles (GAAP), EXL has included in this release certain financial measures that are considered non-GAAP financial measures, including the following:

- (i) Adjusted operating income and adjusted operating income margin;
- (ii) Adjusted EBITDA and adjusted EBITDA margin;
- (iii) Adjusted net income and adjusted diluted earnings per share; and
- (iv) Revenue growth on an organic constant currency basis.

These non-GAAP financial measures are not based on any comprehensive set of accounting rules or principles, should not be considered a substitute for, or superior to, financial measures calculated in accordance with GAAP, and may be different from non-GAAP financial measures used by other companies. Accordingly, the financial results calculated in accordance with GAAP and reconciliations from those financial statements should be carefully evaluated. EXL believes that providing these non-GAAP financial measures may help investors better understand EXL's underlying financial performance. Management also believes that these non-GAAP financial measures, when read in conjunction with EXL's reported results, can provide useful supplemental information for investors analyzing period-to-period comparisons of the Company's results and comparisons of the Company's results with the results of other companies. Additionally, management considers some of these non-GAAP financial measures to determine variable compensation of its employees. The Company believes that it is unreasonably difficult to provide its earnings per share financial guidance in accordance with GAAP, or a qualitative reconciliation thereof, for a number of reasons, including, without limitation, the Company's inability to predict its future stock-based compensation expense under ASC Topic 718, the amortization of intangibles associated with further acquisitions and the currency fluctuations and associated tax impacts. As such, the Company presents guidance with respect to adjusted diluted earnings per share. The Company also incurs significant non-cash charges for depreciation that may not be indicative of the Company's ability to generate cash flow.

EXL non-GAAP financial measures exclude, where applicable, stock-based compensation expense, amortization of acquisition-related intangible assets, impairment charges on acquired long-lived and intangible assets including goodwill, provision for litigation settlement, non-cash interest expense on convertible senior notes, gains or losses on settlement of convertible senior notes, restructuring charges, effects of termination of leases, other acquisition-related expenses or benefits and effect of any non-recurring tax adjustments. Acquisition-related expenses or benefits include, changes in the fair value of contingent consideration, external deal costs, integration expenses, direct and incremental travel costs and non-recurring benefits or losses. Our adjusted net income and adjusted diluted EPS also excludes the income tax impact of the above pre-tax items, as applicable. The income tax impact of each item is calculated by applying the statutory rate and local tax regulations in the jurisdiction in which the item was incurred.

A limitation of using non-GAAP financial measures versus financial measures calculated in accordance with GAAP is that non-GAAP financial measures do not reflect all of the amounts associated with our operating results as determined in accordance with GAAP and exclude costs that are recurring, namely stock-based compensation and amortization of acquisition-related intangible assets. EXL compensates for these limitations by providing specific information regarding the GAAP amounts excluded from non-GAAP financial measures to allow investors to evaluate such

non-GAAP financial measures.

The information provided on an organic constant currency basis reflects a comparison of current period results translated at the prior period currency rates and exclude the impact from an acquisition for a twelve-month period from the date of the acquisition. This information is provided because EXL believes that it provides useful comparative incremental information to investors regarding EXL's true operating performance. EXL's primary exchange rate exposure is with the Indian Rupee, the U.K. pound sterling and the Philippine Peso. The average exchange rate of the U.S. Dollar against the Indian Rupee increased from 73.17 during the quarter ended March 31, 2021 to 75.25 during the quarter ended March 31, 2022, representing an appreciation of 2.8%. The average exchange rate of the U.S. Dollar against the Philippine Peso increased from 48.39 during the quarter ended March 31, 2021 to 51.32 during the quarter ended March 31, 2022, representing an appreciation of 6.1%. The average exchange rate of the British Pound against the U.S. Dollar decreased from 1.38 during the quarter ended March 31, 2021 to 1.33 during the quarter ended March 31, 2022, representing an appreciation of 3.5%.

The following table shows the reconciliation of these non-GAAP financial measures for the three months ended March 31, 2022 and March 31, 2021, and the three months ended December 31, 2021:
