November 7, 2022

NEW YORK, Nov. 07, 2022 (GLOBE NEWSWIRE) -- EXL [NASDAQ: EXLS], a leading data analytics and digital operations and solutions company, today announced it has been recognized as a Leader in the 2022 ISG Provider Lens™ Digital Finance & Accounting Outsourcing Services report.

EXL has been selected as a Leader across all four categories of the analysis: Procure to Pay (P2P), Order to Cash (O2C), Record to Report (R2R), and Financial Planning and Analysis (FP&A) solutions. ISG cites the variety of technology leveraged to build EXL's robust data and artificial intelligence-led capabilities, as well as its extensive industry experience, as the strengths that drove the firm's success in all four of the report's areas of focus.

"Finance and accounting professionals know that they need cutting-edge data and analytics solutions, but the vast majority say they don't have those tools at their fingertips," said Narasimha Kini, Executive Vice President and Head of EXL's Emerging Business. "At EXL, we are helping our clients rise to the challenge of data-led finance and accounting, and we are proud that our work has allowed us to be recognized as a Leader in all four categories of the ISG Provider Lens."

ISG Provider Lens™ is a practitioner-led service provider comparison, empowered by ISG's data-driven research and advisory experience. Research reports provide independent vendor evaluations and enterprise buying behavior segmentation. Provider positioning is based on a neutral and independent research, such as quantitative data that includes provider surveys, product testing, and customer interviews.

"By excelling in all four categories – Procure to Pay (P2P), Order to Cash (O2C), Record to Report (R2R), and Financial Planning and Analysis (FP&A) – EXL has shown a comprehensive understanding of both the challenges the industry faces and the path forward for accounting and financial professionals," said Angus Macaskill, Lead Analyst at ISG. "As more clients begin to search for end-to-end data-driven finance and accounting solutions, EXL stands well positioned to build on its strong performance in this space."
